

To whom it may concern

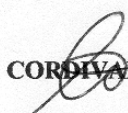

Subject: **Declaration of conformity of the model Volano termico PDC .**

The tanks is manufactured by Cordivari in accordance with the EU directive 2014/68. For the article 4.3. of the same directive, the tank must not be CE marked.

In compliance with the Directive 2014/68 EU as well as regulations No. 812/2013 and No. 814/2013 issued by Directive 2009/125 / EC (ErP - eco-design requirements for energy-related appliances) and by Directive 2010/30 / EC (energy labeling of the same), the technical data and heat loss, together with the energy classes, are shown on the labels / technical sheets attached to the product. These labels / data sheets must be considered an integral part of the instructions for use.

The tanks are made of "S 235 JR UNI EN 10025" carbon steel and are suitable for withstanding a maximum operating pressure of 4 Kg / cm² at a temperature between -10 and + 95 ° C. The tanks are subjected to a hydraulic seal test equal to 1.5 times the operating pressure.

For installation and maintenance, we recommend that you scrupulously follow the information on our catalogs.
